

FREESTANDING BASKETBALL TOWERS

These units are designed with a heavy-duty base frame supporting the main post and backboard. The post is braced back to the base and the base is counter weighted with concrete to maximise stability.

Wheels on the base allow the unit to be moved on and off the court allowing space for other codes. Available as either fixed regulation height or height adjustable for Kiwi height games. Nets are available separately.

BB030	Freestanding - fixed height unit Post – 75 SQ Hoop height – 3050mm Backboard projection – 1200mm Backboard size – 1200 x 800mm	Each
BB031	Freestanding - adjustable height unit Post – 75 SQ Hoop height – 2600mm / 3050mm Backboard projection – 800mm Backboard size – 1200 x 800mm	Each
