

## GAMES POST TROLLEY

Games posts in a modern gymnasium or sports hall have no bases because they are generally fitted into sockets in the sports floor.

This strong welded trolley is designed specifically to hold and transport games posts without bases. Our standard design easily holds 2 netball posts, 2 volleyball posts and 8 badminton posts.

Each trolley requires just simple assembly and is supplied in a powder coated finish and with four non-marking swivel wheels for easy manoeuvrability.

A separate base board for the trolley is available as an optional extra, which when fitted, allows additional storage ideal for nets. Games posts and nets are not included.

The design can be customised to suit the number and types of posts at a venue so please discuss your individual requirements with us.

ST001	Games post trolley	Each
ST024	Games post trolley base board to suit ST001	Each
ST023	Games post trolley - Custom size	Each
