

PRODUCT INFORMATION - RUGBY

RUGBY POSTS

Traditional style rugby posts manufactured from steel and supplied in a galvanised finish which can be powder coated white, if required as an additional option.

Three size options are available all with regulation width and height crossbar. Posts are supplied with ground sockets.

RE004	Junior 60mm rugby posts; 5.6m above ground Galvanised finish	Pair
RE004PC	Junior 60mm rugby posts; 5.6m above ground Galvanised + powder coated finish	Pair
RE005	Intermediate 76mm rugby posts; 5.6m above ground Galvanised finish	Pair
RE005PC	Intermediate 76mm rugby posts; 5.6m above ground Galvanised + powder coated finish	Pair
RE003	Senior 89+mm rugby posts; 7.85m above ground Galvanised finish	Pair
RE003PC	Senior 89+mm rugby posts; 7.85m above ground Galvanised + powder coated finish	Pair

COMBINATION OUTDOOR RUGBY/SOCCER GOALS

Junior 4m x 2m inground rugby goals with the addition of a second crossbar to create a soccer goal. Net stanchions are fitted to the back of the posts so that when a soccer net is fitted, it is held away from the posts.

Posts are 5.5 metres high with the rugby crossbar 2.5 metres high and the soccer crossbar at 2 metres above the ground.

Supplied in a galvanised finish with ground sockets and fixings for assembly provided.

RE002	Outdoor combination rugby/soccer goals Galvanised finish	Pair

PRODUCT INFORMATION - RUGBY TRAINING AIDS

SCRUM TRAINING SLED

Traditional, well proven design manufactured from steel, hot dipped galvanised to maximise outdoor durability and fitted with tantalised timber base boards allowing the unit to be left on the field throughout the season.

Fitted with four contact pads manufactured from first grade materials to minimise deterioration. Pads are easily removable for safe storage when not in use.

RE001 Rugby scrum training sled Each

RESISTANCE SLED

Features sturdy steel construction in a galvanised finish to maximise outdoor durability. The sled can be loaded with standard plate weights to give the desired resistance, then able to be used either in direct push or towed using the body harness and lanyard provided.
