

PRODUCT INFORMATION – STORAGE SOLUTIONS

GYM MAT TROLLEY – FLAT DECK

Features a strong, fully welded steel frame with a clear finished plywood top fixed to the steel frame.

Fitted with two swivel and two non-swivel 125mm non- marking wheels, allows easy manoeuvrability by one person.

The trolley is fitted with a braced pipe handle at one end which is detachable to minimise freight costs.

Available in the two most popular gym mat sizes or we can manufacture a size to suit your specifications.

ST012	Flat deck gym mat trolley - 2400 x 1200	Each
ST013	Flat deck gym mat trolley - Custom size	Each

GYM MAT TROLLEY – WITH SIDES

Features a strong, fully welded steel frame with a clear finished plywood top fixed to the steel frame with additional tubular side frames. Mats may be damaged from repeated untidy and haphazard storage and the addition of the side frames help to make tidy mat storage much easier, keeping the mat stack in alignment.

Fitted with two swivel and two non-swivel 125mm non- marking wheels, allows easy manoeuvrability by one person.

Available in the two most popular gym mat sizes or we can manufacture a size to suit your specifications.

ST020	Gym mat trolley with sides - 1800 x 900	Each
ST021	Gym mat trolley with sides - 2400 x 1200	Each
ST028	Gym mat trolley with sides - Custom size	Each

STORAGE – cont.

GAMES POST TROLLEY

Games posts in a modern gymnasium or sports hall have no bases because they are generally fitted into sockets in the sports floor.

This strong welded trolley is designed specifically to hold and transport games posts without bases. Our standard design easily holds 2 netball posts, 2 volleyball posts and 8 badminton posts. Each trolley is supplied in a powder coated finish and is fitted with four non- marking swivel wheels for easy manoeuvrability.

A separate base board for the trolley is available as an optional extra, which when fitted, allows additional storage ideal for nets.

The design can be customised to suit the number and types of posts at a venue so please discuss your individual requirements with us.

ST001	Games post trolley	Each
ST024	Games post trolley base board to suit ST001	Each
ST023	Games post trolley - Custom size	Each

RACQUET RACK

Specifically designed to suit the application, the racquet rack is a sturdy steel framed trolley with universal racks to suit a variety of sizes and styles of racquet.

Each trolley is supplied in a powder coated finish and is fitted with non-marking wheels for indoor use or with a more durable wheel option for outdoor use.

An additional lower tray is available as an optional extra which when fitted, allows sticks or poles to be carried without falling through to the ground.

INDOOR SOCCER GOALS

Irwinsport indoor soccer goals have folding sides allowing for easy storage. To assist further wall storage brackets and a trolley are available.

The steel brackets are powder coated and supplied in sets of four – two brackets per goal.

The trolley provides somewhere to store the goals and allows them to be moved around the venue easily. Each trolley will hold two pairs (four) goals.

ST032	Wall storage brackets - (2 required for each goal)	Set of 4
-------	--	----------

ST003	Indoor soccer goal trolley	Each
-------	----------------------------	------

BALL STORAGE

We provide a range of storage solutions for larger sports balls such as netball, basketball, volleyball and soccer. Also available with plastic bins for storing smaller balls or equipment.

ST007	Ball cart – multiple balls	Each
-------	----------------------------	------

ST008	Ball trolley – 15 balls	Each
-------	-------------------------	------

ST030	Ball trolley – 5 balls + 2 bins	Each
-------	---------------------------------	------

ST009	Ball trolley – 25 balls	Each
-------	-------------------------	------

ST031	Ball trolley – 15 balls + 2 bins	Each
-------	----------------------------------	------

ST022	Ball wall rack – 15 balls	Each
-------	---------------------------	------

NET STORAGE

Net trolleys are available to hold one, two or three nets and allows the net to be set up directly from the trolley onto the posts. When finished the net can be wound directly back onto the trolley for storage.

The net trolley provides quick and easy setup while helping to extend the usable life of the nets.

ST004	Net winder - Single net	Each
