

## REGIS HANGING BASKETS

The Regis hanging basket has a 'wrought iron' style look, manufactured using flat bar rather than wire, first hand formed to shape and then fully welded.

These baskets look very imposing, are very robust and give many years of service.

The basket is zinc plated and then black powder coated to give a durable and long-lasting finish.

The basket is supplied complete with heavy duty chain and shackles for hanging.

18103          400mm Regis basket

18101          500mm Regis basket
