JUMBO 3 TIER DISPLAY STAND

Designed for long punnet trays with space for 9 per shelf.

A well proven, robust design that is easy to assemble. Shelves can be fixed straight above each other or with the top shelf set back and the bottom set forward, as per the image to achieve a waterfall style display for the product.

Each shelf measures 2000 mm x 720 mm and features 50 mm x 50 mm mesh.

All steel work is hot dipped galvanised for maximum durability.

A standard unit is supplied with 4 castor wheels and a header frame.

All sizes are nominal

L A Irwin Limited reserves the right to alter any specifications

Issued: October 18

JUMBO 3 TIER DISPLAY STAND

Continuous option

Designed for long punnet trays with 9 per shelf.

A well proven robust design that is easy to assemble with shelves all in line or the unit can be assembled with staggered shelves to achieve a waterfall effect display.

Each shelf measures 2000 mm x 720 mm and features 50 mm x 50 mm mesh.

All steel work is hot dipped galvanised for maximum durability.

Available as a continuous option as shown, where shelves share a common leg frame to create a long display.

Leg frames feature adjustable feet to allow the long run of the display to be levelled.

All sizes are nominal
