

# NURSERY TABLE

Nursery table - standard design

Nursery table - with optional lower shelf

This versatile table features a 'no-fuss' design coupled with strong and solid construction.

The shelf is manufactured from 50mm x 50mm welded mesh and all components are hot dipped galvanised for maximum corrosion protection and durability. The overall design is well proven in garden centres and nurseries throughout New Zealand.

We manufacture a range of standard sizes but the nursery table can be manufactured to suit your exact requirements. An optional full or half size lower shelf is a common addition to the standard design.

Please contact us for our catalogue or to discuss your specific requirements.

69151          1800mm x 1200mm

69205          1800mm x 900mm
